- If students leave their iPad at home, they are responsible for getting the coursework completed as if they had their iPad present.
- iPads must be brought to school each day in a fully charged condition. Students need to charge their iPads each evening.
- Under no circumstances should iPads be left in unsupervised areas. Unsupervised areas include the school grounds and campus, the cafeteria, locker rooms, library, unlocked classrooms or lockers, dressing rooms and hallways. Any iPad left in these areas is in danger of being stolen. If an iPad is left in one of these areas, it will be taken to the main office.
- Students must provision (register) their iPads with the school. The iPad will not work on the school's network until this process is completed. In addition, this process will allow the school to identify lost or stolen iPads.
- Students may not, under any circumstances, log on under or use another student's account or iPad.
- Students must lock their iPads using a pass code. Students are responsible for all activities conducted on their personal account.

- Using the iPad to watch movies or videos, unless assigned by a teacher, is prohibited during the school day.
